Dear Athletic Directors, Coaches, Players & Schools,

my name is Tommy, and I'm the owner of 14|27...a basketball company out of St. Cloud, MN. We created a basketball challenge that we take to team practices, camps, halftime shows, universities, tournaments, and community events. This year, we are privileged to bring our basketball challenge to the CAL Basketball Tournament in March.

On Thursday evening March 2, three players from each guys and girls team will take on our one-of-a-kind basketball challenge designed to put to test each competitor's accuracy, composure, and overall basketball strength. Everyone will compete individually, and the winner of the challenge will effectively be named the best shooter at the 2023 Tournament. The winner will receive a first-place trophy...nice enough that they will want to show grandma the first chance they get.

Over the years of the CAL Basketball Tournament nothing like this has been done...which is exciting to me, and I believe for you as well. Because it's new, I know some of you might have questions. If you do, I'd encourage you to reach out to Julie or myself and we'll be sure to answer any questions you might have.

For now, what we need you to do is to think about what 3 players (three guys and three girls) would you like to have represent your school in the 14|27 Basketball Challenge. You might consider putting it up for a vote amongst the players or you could simply select them yourself...completely up to you. I ask that you email Julie and myself a list of the names and the school the players are representing no later than February 20, 2023. I understand that there might be an occasion where the list of players needs to be adjusted, if that happens you can simply come to the 14|27 Booth at the tournament and give us an update at that time.

If you'd like more details on 14|27, I invite you to checkout our website at [1427.org](http://1427.org).

My team and I are excited to be with all of you as we share our love for God and passion for basketball.

Sincerely,

Tommy Getlinger
